EXPERIENCE

Research & Finance Analyst UIC College of Applied Health Sciences	Chicago, IL Mar 2025 – Present
- Reconcile \$4M+ multi-grant budgets monthly to NIH/GAAP; built Power Query + SQL checks reducing audit-prep 30%. - Investigate variances across 12 cost centers; coordinate with 8 PIs to process amendments within ≤3 days (vs 10-day SLA).	
Research & Finance Associate Office of Population Health Sciences, UI Health	Chicago, IL Oct 2024 – Feb 2025
- Managed \$1.5M+ grants with zero compliance exceptions; shortened approval cycles 25%; built Excel (Power Query, PivotTables, VBA Macros) + SQL adopted by 7 units, improving accuracy 20%. - Created real-time Power BI dashboards with variance analysis; integrated REDCap to Excel workflows saving 10 hours/week.	
Business Manager Almora Coating World	Gujarat, India Apr 2022 – Jul 2024
- Delivered +8% EBITDA growth through supplier repricing, procurement redesign, and working capital optimization; implemented forensic controls plugging \$68k leakages. - Automated month-end close workflow (data cleaning + mapping + reconciliation) in Excel, reducing cycle 5 to 3 days; built CapEx ROI/NPV models supporting \$102k expansion.	
Professional Apprentice & Intern R.S. Patel & Co.	Gujarat, India Feb 2017 – Mar 2020
- Executed 35 statutory audits (Ind-AS/IFRS) for banking/NBFC clients; standardized processes improving accuracy 15%; boosted retention 40%. - Optimized audit procedures for 15+ SMEs, reducing compliance risk 20%; identified control gaps reducing tax exposure \$38k.	

PROJECTS

Strategic Growth Plan: Segmentation, Pricing & Roadmap – MAGNA-TILES — UIC	Aug 2025 – Nov 2025
Led 15-week pricing + GTM strategy: customer segmentation, price elasticity and unit-economics; modeled ROI for 3 pricing scenarios + new product; prioritized roadmap via RICE and delivered exec deck with KPIs.	
Equity Valuation & Portfolio Optimization — UIC	Jan 2025 – May 2025
Pulled financials and comparables using Bloomberg Terminal for a \$150K real money student-managed portfolio; built DCF in Excel (UFCF, WACC via CAPM, terminal value) with sensitivity tables; improved portfolio Sharpe ratio 25% vs S&P 500 through systematic CAPM and P/E screening.	
Risk Analytics Dashboard — Almora Coating	Feb 2024 – Jun 2024
Created Power BI dashboard with real-time feeds and asset correlation heatmaps; increased client retention 12% through enhanced visualization.
